Product

- 1.1 Delfast Concealed Purlin Cleats [CPCs] are an alternative connection for timber-framed structures designed in accordance with NZS 3604 for use in roof construction to tie a pair of rafters to the ridge board, and for rafter-to-top-plate connections. Delfast CPCs are galvanised and come in two sizes.

Scope

- 2.1 Delfast CPCs have been appraised as an alternative connection for timber-framed structures designed in accordance with NZS 3604 for use in roof construction to tie a pair of rafters to the ridge board, and for rafter-to-top-plate connections for timber-framed structures designed within the scope of NZS 3604.

Building Regulations

New Zealand Building Code [NZBC]

- 3.1 In the opinion of BRANZ, Delfast CPCs, if designed, used, installed and maintained in accordance with the statements and conditions of this Appraisal, will meet or contribute to meeting the following provisions of the NZBC:

Clause B1 STRUCTURE: Performance B1.3.1, B1.3.2 and B1.3.4. Performance B1.3.1, B1.3.2 and B1.3.4. Delfast CPCs meet the requirements for gravity loads arising from use, snow and wind [i.e. B1.3.3 (b), (g) and (h)]. See Paragraph 8.1.

Clause B2 DURABILITY: Performance B2.3.1 [a] 50 years and B2.3.2. Delfast CPCs meet these requirements. See Paragraph 9.1.

Clause F2 HAZARDOUS BUILDING MATERIALS: Performance F2.3.1. Delfast CPCs meet this requirement.

Technical Specification

4.1 System components and accessories supplied by Delta Group (NZ) Ltd are as follows:

Components

- Delfast CPC40 - Galvanised - 86 x 40 x 2 mm
- Delfast CPC80 - Galvanised - 86 x 80 x 2 mm

Fixings

- Delfast Type 17 12 g x 35 mm Tek Screws
- Delfast 30 x 3.15 mm Galvanised Loose Product Nails

Handling and Storage

5.1 Delfast CPCs and their fasteners are durable products, but should be stored in covered and dry conditions until they are installed.

Technical Literature

6.1 This Appraisal must be read in conjunction with:

- Delfast Concealed Purlin Cleat (CPC) Installation Guide, v1.0, dated 05/01/2026.

6.2 All aspects of design, use, installation and maintenance contained in the Technical Literature and within the scope of this Appraisal must be followed.

Design Information

General

7.1 Delfast CPCs are galvanised and must be installed in locations as outlined in NZS 3604.

Structure

NZS 3604 Structures

8.1 Delfast CPC may be used as an alternative to the connection details given in NZS 3604, and in accordance with Table 1 below:

Fixing Type	CPC40 Nailed	CPC40 Screwed	CPC80 Nailed	CPC80 Screwed
Type E	Yes	Yes	Yes	Yes
Type F	No	Yes	Yes	Yes

Durability

9.1 Delfast CPCs and fixings are manufactured from either galvanised or stainless steel and meet the requirements of NZS 3604. They will have an expected serviceable life of at least 50 years.

Maintenance

10.1 Delfast CPCs should not require any maintenance once installed.

Installation Information

Installation Skill Level Requirement

11.1 All design and building work must be carried out in accordance with the Delfast CPCs Technical Literature and this Appraisal by competent and experienced tradespeople conversant with Delfast CPCs installation. Where the work involves Restricted Building Work (RBW) this must be completed by, or under the supervision of, a Licensed Building Practitioner (LBP) with the relevant Licence Class.

Health and Safety

- 12.1 Suitable care must be taken when handling power and hand tools, and when handling treated timber.

Basis of Appraisal

The following is a summary of the technical investigations carried out:

Tests

- 13.1 Testing was carried out by BRANZ on simulated rafters and top plates to determine their structural strength.

Other Investigations

- 14.1 Structural and durability opinions have been provided by BRANZ technical experts.
14.2 Site inspections have been carried out by BRANZ to assess the practicability of installation and to examine completed installations.
14.3 The Technical Literature has been examined by BRANZ and found to be satisfactory.

Quality

- 15.1 Details regarding the composition of the materials used were obtained by BRANZ and found to be satisfactory.
15.2 The quality of supplied Delfast materials, components and accessories is the responsibility of Delta Group (NZ) Ltd.
15.3 Quality on-site is the responsibility of the installer.
15.4 Designers are responsible for the building design, and building contractors are responsible for the quality of installation of Delfast CPCs in accordance with the instructions of Delta Group (NZ) Ltd.

Sources of Information

DELFAST CONCEALED PURLIN
CLEATS (CPCs)

BRANZ

In the opinion of BRANZ, **Delfast Concealed Purlin Cleats (CPCs)** are fit for purpose and will comply with the Building Code to the extent specified in this Appraisal provided it is used, designed, installed and maintained as set out in this Appraisal.

The Appraisal is issued only to **Delta Group (NZ) Ltd**, and is valid until further notice, subject to the Conditions of Appraisal.

Conditions of Appraisal

1. This Appraisal:
 - a) relates only to the product as described herein;
 - b) must be read, considered and used in full together with the Technical Literature;
 - c) does not address any Legislation, Regulations, Codes or Standards, not specifically named herein;
 - d) is copyright of BRANZ.
2. **Delta Group (NZ) Ltd:**
 - a) continues to have the product reviewed by BRANZ;
 - b) shall notify BRANZ of any changes in product specification or quality assurance measures prior to the product being marketed;
 - c) abides by the BRANZ Appraisals Services Terms and Conditions;
 - d) warrants that the product and the manufacturing process for the product are maintained at or above the standards, levels and quality assessed and found satisfactory by BRANZ pursuant to BRANZ's Appraisal of the product.
3. BRANZ makes no representation or warranty as to:
 - a) the nature of individual examples of, batches of, or individual installations of the product, including methods and quality of work;
 - b) the presence or absence of any patent or similar rights subsisting in the product or any other product;
 - c) any guarantee or warranty offered by **Delta Group (NZ) Ltd**.
4. Any reference in this Appraisal to any other publication shall be read as a reference to the version of the publication specified in this Appraisal.
5. BRANZ provides no certification, guarantee, indemnity or warranty, to **Delta Group (NZ) Ltd** or any third party.
